

WAR CLOUDS AGAIN HOVER OVER THE FAR EAST

Second Victory In World's Series Credited to Nationals

GIANTS VICTOR IN THIRD GAME WITH YANKEES

Coaling Whitewash Administered by Nationals Over American League Opponents

DEACON SCOTT, RESURRECTED

Proved Sensation of Hour After Arm Was Supposed to Be Beyond All Repair

NEW YORK, Oct. 6.—The Giant's plasters their ancient enemies, the Yankees, with a coaling whitewash and won their second victory over the American league champions, 3 to 0. Deacon Scott, resurrected and rejuvenated, after all the major league clubs had regarded his pitching arm as ruined beyond repair, stood out on the hurling hill and made the Yankees look foolish. He had speed galore, mixed in with a fine curve. Hoyt pitched a loose game for the Yankees. Jones relieved Hoyt in the eighth. Score: Yankees _____ 0 4 1 Giants _____ 3 12 1

Batteries: Hoyt, Jones and Schang; Scott and Smith.

Manager Huggins shuffled the deck of the Yankees' pitching staff and then led with his third ace, Walt Hoyt, in the hope of winning his first victory in the world series from the Giants, who already are in proud possession of one game. "I'm not worrying over my pitching," said Huggins, "but the batting slump of the club is in. If we can come out of it we should win the series."

Manager McGraw of the Giants first decided to pitch McQuhan and then switched to Deacon John Scott.

MAY NAME SEA IN HONOR OF "ANZACS"

SYDNEY, N. S. W., Oct. 6.—Naming of the Tasman sea, the waters of which touch Australia and New Zealand, and the Anzac sea as a lasting memorial to the soldiers of both countries who took part in the landing at Gallipoli, which was the genesis of the word Anzac, has been suggested here.

It is pointed out that Australia and New Zealand, although separated geographically, are linked commercially by the Tasman sea and that the designation "Anzac" to the body of water would typify the link that unites the two dominions. With Anzac sea on the maps of the Pacific, it is believed that all school children throughout the world would be told of the battle of Gallipoli. It has been suggested further that the formal change of name might be made a special feature of next Anzac day in both Australia and New Zealand.

U. S. OFFICIAL IS KILLED IN WRECK

SAN FRANCISCO, Oct. 6.—Robert H. McCormack, assistant United States district attorney for northern California, died at Berkeley, 19 miles from here, as a result of an automobile accident last night.

IRISH FREE STATER PLACED IN PRISON

DUBLIN, Oct. 6.—An army bulletin announced the arrest here of Robert C. Barton, former Minister Reconnich in the Dail cabinet. He was one of the signers of the Anglo-Irish agreement for establishing the Irish Free State, but afterward opposed its ratification.

NEW MYSTERY DEVELOPS IN LOS ANGELES

Man Found Lying Critically Injured on Roadside and Car Is Total Wreck

LONG BEACH, Calif., Oct. 6.—A shooting mystery was revealed by motorists discovering an abandoned automobile, scattered papers, a pool of blood and, a little beyond, Peter Dunatoni of Clearwater, critically wounded, with two bullets through the stomach and two through his abdomen. The tragedy occurred on the highway near Clearwater. Dunatoni, who lapsed into unconsciousness shortly afterward, failed to reveal the identity of the shooter or the motive. It is believed his wounds will prove fatal.

PRIMARY ENTERS MAIN ISSUE OF IDAHO ELECTION

Expected to Be One of Hardest Fought Propositions of Political Fight

BOISE, Idaho, Oct. 6.—The direct primary system of nominations, which played a prominent part in the pre-convention campaign of the republican party in Idaho, is expected to be one of the hardest fought issues in the contests at the November election in this state.

The issue involves the two principal parties and the progressive party, comprising the farmer-labor element. United States Senator Borah has taken a stand in favor of abandoning the present state convention system of nominations in Idaho for a direct state primary.

Although he had the support in this position of the delegation from Ada county, in which Boise is located, the republican state convention refused to accept his leadership and declared for the present system of state conventions, preceded by county primaries at which candidates for county officers and delegates to the county conventions are selected. The county conventions in turn select delegates to the state conventions. The republican convention called for amendment of the present system to require the voter to declare his party affiliation when he votes in the primary.

The democratic and progressive parties in their state platforms declared for the abandonment of the convention system and the return to the state primaries.

Another issue which is expected to be prominently featured in the cabinet form of state government, which has been in effect in Idaho for four years, during the administration of Governor D. W. Davis. The republicans endorsed the administration of Governor Davis, who was not a candidate for re-election, while the democrats and the progressives demanded abolition of the cabinet system.

The state bank guarantee act is another issue on which the republicans and the democrats split in their platforms. All three of the conventions declared for abolition of the state constabulary system.

The progressive convention platform also called for public ownership of railroads, public control of natural resources and the initiative, referendum and recall, together with election of members of the state public utilities commission and graduated income and inheritance taxes.

The republicans, among other planks, called for reduction of taxes and endorsed the Smith-McNary reclamation bill.

Neither senator is subject to re-election this year. The incumbent congressmen, Burton L. French of Moscow and Addison T. Smith of Twin Falls, were renominated by the republicans, and to oppose them

FOUL CRIME ABOUT SOLVED BY OFFICIALS

Mexican Held in Williams Murder Said to Have Confessed, Implicating 3 Others

To chain of evidence which promises to result in the murderers of Wallace Williams being brought to justice is about complete, and the only thing that now remains is to take into custody G. Dillon and his wife, who are regarded as being the principals in the cruel death that was inflicted upon the man. James Rios, a Mexican and one of the witnesses at the coroner's inquest, who left here shortly after the verdict was rendered, was arrested at Beatty Wednesday by Deputy Sheriff Fred Remick, and upon instructions from the sheriff was brought to Tonopah and lodged in the county jail, where he is being held in close confinement. It is stated that Rios was subjected to a grueling examination, that he made a complete confession and that he has implicated at least three other persons, including the Dillons, and that another arrest is likely to be made at any moment.

So far as can be learned the Dillons have not yet been located, but it is thought their arrest is only a matter of a short time. Descriptions are to be sent broadcast, which include a photograph of both. Every town and city in the west and south will be furnished with a complete description of the fugitives.

The body of Williams, the slain man, was buried yesterday afternoon. It developed during the course of the investigation that he was an ex-serviceman and was a member of the post at Nevada City. He was also a member of the Knights of Pythias at Park City, Utah.

FRENCH OFFICERS KILLED BY TURKS

CAIRO, Oct. 6.—Two French officers were killed during an attack on the automobile of Islim Pasha, governor of Hauran, French Syria, as the governor's party was leaving the capital yesterday, according to a report from reliable sources. Islim Pasha was wounded and his chauffeur and secretary injured.

AIRPLANE ENDURANCE CONTEST INTERESTING

SAN DIEGO, Calif., Oct. 6.—Shortly before 11 a. m. Lieutenants McCready and Kelly, flying the army monoplane T-2 in an endurance record flight, dropped a note on Rockwell field stating the airplane was performing perfectly and that they would remain in the air until their gasoline and oil was exhausted. They had been in the air 29 hours and 4 minutes.

BANDITS STOP FOOD STARVING CHILDREN

KIEV, Oct. 6.—Efforts to feed the children of Chigirin, southeast of Kiev, have been abandoned by the American relief administration because of the continued activity of bandits.

Chigirin, a village 30 miles from the railroad, is situated in a wild country which for years has been infested by robber bands. Government officials would not give guarantees for the safety of the A. R. A. warehouses, so finally endeavors to establish food kitchens in the Chigirin district were given up.

George W. Waters of Weiser and W. P. Whitaker of Pocatello were named by the democrats and W. W. Deal of Nampa and Dow Dunning of Boise by the progressives.

The republicans named Charles C. Moore of St. Anthony, present lieutenant governor, as their candidate for governor, and the democrats chose Moses Alexander of Boise, former governor of the state. The progressives nominated H. F. Samuels of Samuels.

MRS. STILLMAN WINS LONG SUIT AGAINST HUBBY

Justice Morschauser Confirms Report of Referee in Famous Divorce Action

IS AWARDED COSTS OF ACTION

Legitimacy of Guy Stillman Is Now Fully Established and Wife Exonerated

WHITE PLAINS, N. Y., Oct. 6.—Supreme Court Justice Morschauser today confirmed the referee's report in the Stillman divorce case and allowed Mrs. Anne U. Stillman, who was defendant in the suit against her banker husband, costs in her case. The referee's report refused a divorce to Stillman, exonerated Mrs. Stillman of adultery with Fred Beauvais, an Indian guide, and affirmed the legitimacy of Guy Stillman.

A rumor was in circulation that Mrs. Stillman would begin an action for divorce in Paris. She previously has stated she will not divorce her husband because such action would aid him if he sought to legitimize the two children she alleged he had by Mrs. Florence H. Leeds, a former show girl.

RAILROAD MAN SEES ACTIVITY IN MANY LINES

New Tariff Bill Stimulates the Mining of Industrials Along All Lines, He Says

"The operation of the new tariff law has already had a tendency to brace up the shipments of minerals, and especially so as it applies to the industrials, such as silica, talc, fluor-spar, fuller's earth and china clay," remarked W. B. Hinchman, assistant traffic manager of the Tonopah & Tidewater, who arrived this morning from San Francisco. "You would be surprised at the number of inquiries that are being received at our offices in San Francisco relative to the possibility of securing deposits of these materials, if such they may be termed, and heavy orders are being placed for silica and talc. The tariff on silica is \$4 a ton, while on talc it is \$5, and on fluor-spar it has been increased from \$1.50 to \$5.60 a ton. China clay or kaolin has advanced from \$1.25 to \$2.50, while on cinnamon or quicksilver the duty was placed at 25 cents a pound, or \$18.75 for a flask of 75 pounds. The duty on tungsten was advanced from 15 cents a pound to 45 cents a pound, which means an increase of 90 per cent of 20 pounds of 60 per cent tungstic acid. This means a great revival in the production of these products. Southern Nevada will naturally profit as a result of this tariff bill being operative and I look for a great revival in the production of these industrials, as well as in the mining of the precious metals, gold and silver, including copper, lead and zinc."

OPERATORS IN SESSION WITH MINE COMMITTEE

At a meeting of the committee selected by the mine workers to confer with the operators subject to a revision of the scale of wages, met yesterday afternoon at 4 o'clock in the Tonopah Divide offices. The most friendly feelings prevailed and matters were discussed freely relative to existing controversies. Reports have not yet been received from the camps to which inquiries were directed touching upon the wage scales and costs of living, and what conditions prevail generally. In the meantime matters remain in statu quo. Other meetings are to be held pending final decision upon the questions involved.

EXTENSION SHIPMENT SHOWS BIG INCREASE

Tonopah Extension Mining company made its semi-monthly shipment of bullion this morning, covering the last half of September. The consignment consists of 35 bars worth \$75,000. This was an increase of \$19,000 over the first fifteen days of the month, when the output was announced at \$56,000, which made the grand total for the month amount to \$131,000.

FOREST FIRES QUENCHED BY HEAVY RAINS

Caused Loss of Probably Sixty Lives, With Thirty-Three Bodies Recovered

COBALT, Ont., Oct. 6.—Heavy rains had today virtually quenched the forest fires about the city, which caused possibly 60 deaths and destroyed the town of Halleybury and several other settlements. Thirty-three bodies have been recovered in the charred wreckage that a week ago was Halleybury. Many persons are missing.

STANDARD OIL PAYS BIG STOCK DIVIDEND

NEW YORK, Oct. 6.—Directors of the Standard Oil Company of New York today declared a stock dividend of 200 per cent, increasing its capital from \$75,000,000 to \$225,000,000 and reducing the par value from \$100 to \$25.

Immediately after the announcement, stock, which is quoted on the curb exchange, jumped 20 points to \$596, a new high record. A special meeting of stockholders has been called for Nov. 3 to vote on the proposition. The notice sent to stockholders sets forth that no change in the capitalization has taken place since the declaration of a 400 per cent stock dividend in 1913, and even that increase left the assets still considerably in excess of the capitalization.

OUTSIDE RALLIES ARE BIG SUCCESS

The republican rallies held at Round Mountain and Manhattan last night brought forth large audiences. In the former town it is said that nearly every resident turned out at 6 o'clock in the evening to greet John H. Miller, nominee for governor; Harry H. Atkinson, nominee for attorney general; W. B. Alexander, nominee for secretary of state; Fred H. Blackwell, nominee for state controller; E. W. Griffith, nominee for lieutenant governor, and Andy Stinson, nominee to succeed himself as state inspector of mines. The Manhattan meeting was a pronounced success and at both places the candidates in addresses drove home stubborn facts that will keep their opponents busy in an attempt to answer for a long time.

The candidates left this morning for the Divide, where a meeting was held at noon, and later they proceeded to Goldfield, where a big rally will be held tonight.

Mr. Miller talked on mining and agriculture and said the ore freight rates are too high and that when the mines are running farmers prosper through increased market for their products. "If elected I will ask the railroad commission to lend more attention to adjustment of freight rates," he said. "I also believe mining investors should receive more liberal consideration on bullion tax. At the Lucky Boy mine, at Hawthorne, I have paid 50 cents above the Tonopah scale and asked a full day's work for a full day's wage and in 20 years of mining I never had any trouble with labor." Mr. Miller outlined an economy program and urged election of the full ticket to help carry it out.

EXTENSION SHIPMENT SHOWS BIG INCREASE

Tonopah Extension Mining company made its semi-monthly shipment of bullion this morning, covering the last half of September. The consignment consists of 35 bars worth \$75,000. This was an increase of \$19,000 over the first fifteen days of the month, when the output was announced at \$56,000, which made the grand total for the month amount to \$131,000.

MEN BELIEVED LOST DESERTED CAVE OF TEXAS

Found Money There and Started in Search of Wealth: It Is Thought They Perished

SAN ANTONIO, Tex., Oct. 6.—Police, firemen and deputy sheriffs have left for a cave, seven miles north of here, to search for four men who are believed to have entered the cave Sunday and never came out. They entered the cave, it is reported, to search for treasure as they found some money there a few days ago. The cave is said to be several miles long and filled with pitfalls and cave-ins.

BRACKETT MUST ANSWER CHARGE MANSLAUGHTER

Manhattan Man Held by Coroner's Jury to Have Unintentionally Killed Youth

Tony Brackett, Manhattan business man, was placed under bonds of \$1,000 yesterday afternoon upon an involuntary manslaughter charge, following the verdict of the coroner's jury that investigated the death of Alfred Tresidder, 14-year-old boy who was killed on Florence avenue Wednesday afternoon when he was struck by an automobile driven by Brackett. The verdict reads: "We find that Alfred Tresidder came to his death by being struck by an automobile being driven at an excessive rate of speed, and that the automobile was unsafe because of defective brakes. We find the accident to be unintentional on the part of Tony Brackett."

It required two hours of deliberation on the part of the jury to arrive at a verdict, and under the interpretation of the verdict Mr. Brackett becomes amenable to the law and will be compelled to answer a charge of involuntary manslaughter in the district court. There were 12 witnesses and the testimony was somewhat conflicting as to the speed that Mr. Brackett was driving, the estimates being anywhere from 20 to 30 miles an hour. Mr. Brackett himself, testified that he not traveling to exceed 15 miles an hour. The witnesses examined were J. J. Keiz, George Tresidder, Mary J. Vernon, Joseph F. White, James Darrough, Albert Roth, John Hansen, Mrs. James Hill, Earl Montrose, Milan Malovic and Dr. N. R. Craig, while the defendant also testified.

SHIP LIQUOR SALE RULING IS ISSUED

WASHINGTON, Oct. 6.—Transportation or sale of alcoholic liquors on American ships, whether private or government owned and on foreign vessels within three miles of the American coast, is held illegal under the prohibition laws of the United States, in an opinion rendered by Attorney General Daugherty.

WASHINGTON, Oct. 6.—Attorney General Daugherty transmitted to Secretary Mellon a formal opinion on the legality of the sale of alcoholic liquors on American ships and on related questions concerning prohibition enforcement at sea. Immediately after the opinion was received by Mellon, who asked for it after the sale of liquor aboard shipping board vessels became a subject of controversy, a conference was arranged for later in the day at the white house. It was said it might be made public tonight.

LIKES SUGGESTION

NEW YORK, Oct. 6.—Julius H. Barnes, former head of the United States Grain corporation, today welcomed the suggestion that "a Judge Landis" be appointed for the grain trading markets to control speculation.

BRITISH VIEW SITUATION IN GREAT ALARM

Turks Demanding More Than Is Offered in Allied Note. It Is Asserted

FRENCH ENTER NEW PROTEST

Instructs Its Minister at Athens to Stop Reinforcements Being Sent to Thrace

LONDON, Oct. 6.—It was stated in an official dispatch today from the British point of view that the Turks and Mudarra were demanding more than offered in the allied note, and in the other hand they were not accepting the conditions of the note. It was asserted the Turks want to obtain the possessions of the note about the conditions.

PARIS, Oct. 6.—The French government has instructed its minister at Athens to protest against the Greek government having sent reinforcements to the Greek army in Thrace.

CONSTANTINOPLE, Oct. 6.—After conferring for most of the night with his high commissioners and military experts here, allied generals prepared a leave again for Mudarra for the resumption of the armistice conference. It was expected the situation was very serious, but it still was hoped a basis for a common agreement among British, French and Italian delegates could be reached.

ANGORA, Oct. 6.—In an address before the national assembly Mustafa Kemal Pasha said it was the desire of the national assembly to secure national arms without bloodshed. This hopeful policy was interpreted by Turkey's enemies, he asserted, as an indication of weakness and the national army had to attack. The defense was well prepared and would be carried out and would be crowned with success.

CONSTANTINOPLE, Oct. 6.—The assembling of the Mudarra conference was postponed until evening because replies had not been received from the allied governments as the latest Kemalist note demanding their troops should be allowed to enter eastern Thrace as soon as the Turkish administration was established and allied control was withdrawn.

MEXICAN HANGED FOR KILLING TWO CHINKS

SAN QUENTIN, Calif., Oct. 6.—Daniel Manriquez was hanged at the state prison here today for the murder of two American-born Chinese in Centro.

Manriquez shook hands with the remaining occupants of all the death cells and went to the gallows with a smile on his face. He was entered at his own request last night by a quartet of prisoners playing fiddled instruments.

BUTLER THEATRE

TODAY
CHARLES RAY
in
"THE BARNSTORMER"
He told the call of the foot lights but the lights went out. He always left town one jump ahead of the board bill. Charles' latest picture, with plenty of fun.
"THE POISSON"
One-Act Animal Picture. Made to Order for Boys.
Tomorrow:
WILLIAM RUSSELL
in
"A SELF-MADE MAN"
And a Two-Act Sunshine Comedy.
